## COURT KILLS RATE REDUCTION LAW

MINNESOTA ACT NULLIFIED BY FIAT OF FEDERAL TRIBUNAL AND PECKHAM COMMENTS

### JUSTICE HARLAN DISLIKES THE DECISION

Dissenting Member of Court Shows Deep Feeling Announcing Opposite Opinion.

Washington, D. C., March 23.—Not within several years has any decision of the supreme court occasioned as much comment among the great lawyers of congress as has that of today in the Minnesota law. Though the question immediately before the court was that of releasing an Attorney General who had tried to enforce a law in a state court after having been enjoined by a federal court, the effect of the court's decision is virtually to nullify Minnesota's law for the reduction of railroad rates. Judge Peckham, who rendered the decision, remarked that it was evidently the purpose of the makers of the statute to prescribe penalties so extreme that "no one would have the courage to bell the cat," thereby putting the railroad under duress.

Justice Harlan's manner tense. No less notable than the opinion itself was the dissenting opinion of Justice Harlan and especially the manner in which it was delivered. Lawyers who have attended the sitting of the supreme court for many years say they recall no scene in that tribunal so dramatic. That Justice Harlan was much perturbed by the decision of the court was manifest during the reading of the opinion by Justice Peckham. Several times he left his seat and walked back and forth nervously in the rear of the justices. When it came his time to speak his dissent not only did his voice betray deep emotion, but his gesture evidenced nothing less than excitement. Once, turning abruptly so that he directly faced his colleagues to the left, he shook his finger violently toward Justice Peckham and asked in tones that reverberated in the chamber whether his colleagues appreciated the full import of their decision.

### FIVE TRIBES TO MEET HASKELL

Governor Would Determine as to the Tax Values.

Guthrie, Ok., March 23.—Gov. Haskell has called a meeting here for Thursday between the heads of the Five Civilized Tribes and state officials to decide what lands on the eastern side of the state are taxable under the laws of the state, United States and Indian treaties. Gov. McCurtain of the Choctaws, Gov. Brown of the Seminoles, Chief Tiger of the Creeks, Gov. Johnson of the Chickasaws and Chief Rogers of the Cherokees and J. George Wright of Muskogee, United States Indian Agent, are expected to attend the conference.

### REGENTS GIVEN FULL POWER

Measure, if Passed, Will Remove Subordination to Education Board.

Guthrie, Okla., March 23.—The restoration to the board of normal school regents of all the authority which it exercised before the recent ruling of Attorney General West, under which it was made subordinate to the board of education and placing it in complete control of the state normal schools, including the selection of president and regulating all matters of administration, is the object of a bill introduced today in the senate by Senator Roy E. Stafford of Oklahoma City.

A similar bill will be introduced on behalf of the university regents whose authority was also overruled by the action of the board of education.

## BILL IS GOING

SPEAKER WAIVES HIS OWN FEELING TO AID BRYAN.

### AT DINNER ANNOUNCES HE WILL GO

Statement Regarding Former Declaration That He Could Not Attend Democratic Convention.

Guthrie, Ok., March 23.—W. H. Murray of Tishomingo, Speaker of the house of representatives, chosen as one of the eight delegates at large to the National democratic convention who announced at the Muskogee convention that under certain conditions he would not go to the Denver meeting as a delegate today issued a statement that he would attend in order to work for the nomination of W. J. Bryan and the adoption of Bryan policies in event of opposition to them develops.

Mr. Murray states that the real issue in the Muskogee convention was not whether eight or four delegates should attend the national gathering from Oklahoma, but the right of the people to name their own delegates. The intention, he claims, to send eight delegates at large, double the state's representation, should have been settled before the committee which called the convention.

At Muskogee Mr. Murray admitted that he had an ambition to be chairman of the national convention. Stating his position, the speaker says:

#### Statement Issued.

"At the time I said I would not go I assumed then, as I do now, that Bryan would be nominated by acclamation without any effort to defeat him, and that being true, he would write the platform, and any man who had physical strength enough to rise in his seat and mental strength enough to cry out, 'Oklahoma casts fourteen votes for Bryan,' could represent the state as well as any other, unless there were some special prominence to be gained by one of her delegates, such as being made chairman or some other position in an official way, which now seems improbable. Four extra votes and the chairmanship are too much to ask for any one state. However, I do want to say that in the event there is a considerable number of uninstructed states, or if there appears to be an opposition to Bryan or to Bryan policies from any source, in gratitude to the people who instructed for me over the state and forced my election at the convention I would go to Denver, make a fight for Bryan and Bryan policies, with a half vote or no vote at all. This is a duty I could not nor would not shirk."

### JIM CROW CELL FOR JAILS.

Stewart's Bill Favorably Reported.

Guthrie, Okla., March 23.—The senate agreed to the house amendments to the Hatchett joint resolution fixing the manner of drawing for terms where two senators were elected from the same district and that was ordered enrolled.

Favorable reports were made by the senate judiciary committee, on the Stewart's "jim crow" cell bill," requiring separate cells for white and negro prisoners, and on the combination anti-trust bill to be known as the Eggerman-Redwine-Davis bill.

The senate spent the entire afternoon on the Cordell-Memminger county court bill, but without making much progress. The entire article covering the question of county stenographers and county court clerks was sent to a special committee and a motion to strike out the section covering the salary of probate judges was pending at adjournment.

The opponents of this section contended that the schedule of the constitution fixed salaries in counties of more than \$20,000 and left the old Oklahoma laws relating to probate judges in effect in counties of less population and that further legislation along that line was unnecessary. The matter of furnishing a clerk and stenographer for the county court was generally opposed by senators from the west side as a needless expense, while those from the east wanted all the

### ENFORCEMENT BILL TODAY.

Prohibition Violations to Be Subject to New Measure After 10 O'clock This Morning.

Guthrie, Ok., March 23.—The prohibition enforcement bill which reached the governor's office in engrossed form this afternoon will become a law tomorrow at 10 a. m. according to arrangements made with the governor by Senator Billups, author of the measure.

It was necessary for the bill to complete a circuit of both houses today to receive signatures of the presiding officers. The pen Speaker Murray used and the staff Senator Johnston, president pro tem of the senate, used were presented to Senator Billups. The blotters and other pens used were willed to the various Senators, advocates and opponents of the bill.

The pen to be used by the governor has been purchased by the local order of the Women's Christian Temperance Union and will also go to Senator Billups from them for his work in completing the legislation. There were here today quite a number of aspirants for the stations of local dispensers contemplated under the law, among them being several ex-saloonkeepers. The governor stated that in filling the places he would give preference to federal and Confederate veterans. It is also understood that no ex-saloon man will be appointed. Several applications have been filed for the position of state agency superintendent, a lucrative office created by the law and regarding the place the governor is besieged with telegrams of endorsement. This appointment, as well as that of enforcement attorney, will not be made before Wednesday.

Representatives of liquor houses and breweries were in the city today, with a view of "taking the state's order."

The bill makes the governor and the state agency superintendent purchasing agents for dispensary liquors.

## Ada Evening News.

OTIS B. WEAVER, Editor and Owner.

Entered as second-class mail matter March 26, 1904, at the postoffice at Ada, Oklahoma, under the act of Congress March 3, 1879.

Ada is going after the normal.

The enforcement feature of the new bill is good and because of it there will be no excuse for the non-enforcement of the prohibition law.

### NORMAL MEETING.

#### Representative and House Full of Citizens Assembled at Club Rooms

All who attended the meeting last evening at which there was discussed ways and means in behalf of a state normal for Ada are optimists today in the consideration of Ada's prospects as an educational center.

There was something doing at the meeting. Very likely some of our citizens who were not present felt the effects of one of the important conclusions at the meeting, when the soliciting committee had finished their rounds. If you have not met them yet will. The committee is composed of Adam Beck, George Harrison, Wm. Braley, Tom Hope, Sam Torbett, W. L. Reed.

W. H. Eby and W. C. Duncan will be Ada's regular representatives at Guthrie.

Other citizens will be frequent visitors to the capital in the interest of Ada.

### To Mineral Wells.

Miss Maudena White, popular and accomplished sister of Mrs. Ed C. Tally in Sunrise, departed Monday for several weeks visit at Mineral Wells. Her mother, who resides at Waco joined her at Fort Worth. Miss White's hosts of friends will be delighted when she again visits Ada.

### Liner Here.

Prof. T. B. Liner and wife have moved to Ada from Stonewall. Prof. Liner will be actively engaged in the Oklahoma Commercial school which will open March 30. He may be found at home on the corner of 16th and Rennie.

### Marriage License.

The judge's record shows license to marry have been issued to Joe Cooper and Della Votow of Allen, and to Arthur Seabolt and Denie Callahan, Roff.

### Running Fight With Thieves.

McAlester, Ok., March 23.—John Harrison, Sheriff of this county, had a running fight with a band of horse thieves who had stolen seven horses from Wetumka. They found the thieves in camp in the northwestern portion of this county, near Scipio, and fired on them. The four thieves returned the fire and jumped on four of the horses and escaped. Twenty-five shots were fired and a hat of one of the robbers was shot off of his head.

## ALLEGED BANK ROBBER IS HELD IN SHAWNEE

### Alleged Pals of Henry Starr Arrested in McLoud.

Shawnee, Okla., March 23.—Sheriff Pierce reached here today with James Lee and Lee Elerick, who were arrested at McLoud, charged with having robbed the bank at Hoffman one day last week. They are being held here pending the arrival of the officers of the looted bank and the sheriff of Muskogee county.

City Marshal McCoy of McLoud, who effected the arrest, believes that Lee and Elerick have been associated with Henry Starr and that they participated in the Tyro bank robbery.

Lee was formerly a bar tender in Shawnee and bears an unsavory reputation. Little is known of the other prisoner here. Lee is a sort of a bully and made a fierce resistance when Marshal McCoy apprehended him. One feature of identification of Lee is a purse bearing his name that was found near the Hoffman bank after the robbery.

Ada had just as well have the normal as any other city in Oklahoma.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop. Take no other. G. M. Ramsey.

## GOV. JOHNSON SAYS HE IS A CANDIDATE

### Minnesota Executive Issues a Formal Statement for the Newspapers.

St. Paul, Minn., March 23.—John A. Johnson, governor of Minnesota, today gave an authorized statement to the press announcing his candidacy for the democratic nomination for president of the United States. This announcement is made so that his friends will not be misled by reports published that he had denied that he would be a candidate and would soon issue a statement formally forbidding the use of his name as a candidate against William Jennings Bryan, with whom it was claimed he had an understanding that he would not oppose the Nebraska in his "fourth battle."

### Aggressive, not Receptive.

The governor is an aggressive candidate for the nomination at the Denver convention, not a receptive candidate, as has been reported. The governor and his friends are quietly working for the nomination, and one of the results of their efforts will be a solid delegation from Minnesota in the National democratic convention, who will place him in nomination there as "the man" who can win at the polls.

Remember that when the stomach nerves fail or weaken. Dyspepsia or indigestion must always follow. but, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. G. M. Ramsey.

## HIGH LICENSE TO SHOOT HERE NOW

### House Disposes of Fish and Game Bill After Fight.

Guthrie, Okla., March 23.—The committee on constitutional amendments today reported favorably to the house the Paschal-Durst joint resolution providing for a committee of three from each branch to investigate the advisability of establishing a permanent state capital at the geographical center of the state. The committee is instructed to report during the present session.

The fish and game bill came in for another all-afternoon consideration. Rough sledding is a poor description of the manner in which this measure is being pushed through. For the asperity of the attack of the opposition and the continual fire of amendments to which the bill has been suggested it is undergoing wonderful little alteration.

The section that requires a hunter to secure the permission of the owner or occupant of a farm before he can invade it with dog and gun was amended by Rainey to provide that the resident of a county shall not be compelled to obtain the consent of the farmer where the latter is a non-resident of the county, only in cases however, where the land is unfenced, uncultivated, unoccupied or not leased for agricultural purposes.

Branson fought to have the last phrase stricken out, but was defeated. Following the adoption of the Rainey amendment, Ellis attempted without success to strike that part of the section together with the provision requiring a permit from the state game warden to hunt on unoccupied or unfenced public land.

The fight was not less heated on the section requiring a \$25 license for non-resident hunters. The speaker pleaded on the ground that other states have similar laws. He replied to the argument that the license is too low by declaring that the legislature does not desire to build a fence around Oklahoma and keep outsiders at a distance.

The house adopted the Johnson grass bill with the conference committee report embodying an amendment taking the power of enforcing the law from the district road board and conferring it upon county commissioners.

Ada ought to be a prolific market for the chicken farmer now. It entertained the state conference of the Southern Methodist church all last week and the deck should be pretty well cleared and badly in need of restocking.—Oklahoman.

Ada is behaving in a very un lady-like manner to her little sister Francis. **Home Burned.**  
The residence of A. L. Reeves who resided one mile east of Center was destroyed by fire last Saturday at 9:30 a. m. The contents with slight exceptions were lost, and Mrs. Reeves and a daughter had narrow escapes from death in endeavoring to save some of the household effects. The people in the community did not delay in rendering financial assistance and otherwise, and a number of the neighbors are arranging to rebuild him a home. Mr. Reeves is a hard-working and well respected citizen and commands the high regard of his neighbors. It is not known how the fire originated.

**Let's Go.**  
Ada folks will have an opportunity to take a pleasant ride Wednesday. A special train will leave here at 7:30 a. m. for Blanchard, where a great lot sale will take place and the same train will return in the afternoon, leaving Blanchard at 5:30. The round trip is only 75c. Let's all go.

This morning a few moments before the Katy left for Texas, Prof. Conder, principal of the north school and who by the way is a gentleman and scholar approached the writer with a wise, but guilty smile and when the News man informed him that he had heard sensational and startling reports concerning his future, the Professor plead guilty, and blushingly acknowledged that he was then en route to the station. The facts are that the gentleman has gone to Commerce, Tex., and on Wednesday at 8

p. m. at the bride's home, will be united in the holy bonds of matrimony. The bride is Mrs. Bell Mayes who was wooed and won during Prof. Conder's residence there a year ago. # UNIVERSITY OF BAPTISTS WILL GO TO LAWTON

Committee Chooses Site at Meeting Here, Provided Details are Arranged.

With El Reno out of the list of applicants because of its failure to make good a donation of 640 acres of land as a site by March 1, this year, the Baptist university committee, with practically all members present, last night unanimously decided to accept the proposition of Lawton, provided a few details are amicably arranged. A committee composed of D. B. Phillips, Yukon; Henry M. Furman, Ada, and G. P. Selvidge, Ardmore, was appointed and go to Lawton today. Besides \$100,000 in cash and 40 acres of land Lawton has agreed to guarantee 250 scholarships at \$40 each, backed by the Chamber of Commerce, furnish free water to the university for a period of five years and lend it all the moral support possible.

Those present were Henry M. Furman, Ada; the Rev. W. W. Chancellor, McAlester; the Rev. G. N. Harrell, Holdenville; the Rev. E. A. Wesson, Hobart; D. B. Phillips, Yukon; Prof. E. D. Cameron, Sulphur; A. Frank Ross, Durant; G. P. Selvidge, Ardmore, and G. N. Gosnell, Frederick.

## COAL IS STORED

### FEAR OF STRIKE

#### Railroads Preparing for Emergency. Miners Go Out April 1.

McCurtain, Okla., March 23.—The big railroad systems which draw their supply of coal from the coal mines of Oklahoma and Arkansas are rapidly getting in shape for the shutting down of the mines the first of April, when the coal miners' union will demand an increase in wages, which the coal operators have decided to refuse. Many of the mines have already closed down.

The Frisco now has stored 160,000 tons and the Rock Island 370,000 tons for an emergency. In the event that either road runs out of coal and the Oklahoma-Arkansas district mines are still closed the Frisco will draw coal from its mines in Alabama and the Rock Island will get coal from Colorado and Alabama. The Missouri, Kansas & Texas draws its coal almost exclusively from the mines along its lines in Oklahoma. If these mines shut down the "Katy" has no other section outside where it can get coal. It is understood the "Katy" has a large supply of coal in reserve, but with its supply entirely cut off this cannot last long.

Eugene McAuliff, general fuel agent for the Frisco and Rock Island systems, is authority for the statement that these lines have a sufficient supply of coal to last four months and it is the general opinion that the Oklahoma-Arkansas mines will not remain closed that long.

If the strike assumes the proportions that are now expected the railroads will resort to fuel burners for their engines instead of coal. There is an unlimited supply of crude oil in the Oklahoma district. It is understood that the Frisco has 50 locomotives and the Rock Island 47 that can be converted to oil burners.

## THOMAS BROS. CASE

### CALLED A. LAWTON One Hundred Men Drawn on a Special Jury Venire.

Lawton, Okla., March 23.—Eleven jurors were selected today in the case of the state versus John William Thomas who is charged with the murder of Dr. F. D. Beauchamp here January 15. The jury panel was exhausted and Judge Brown ordered an extra venire of 10 men drawn this afternoon. It is difficult to obtain a jury, nearly every man in the county having some direct knowledge of the facts in the case.

## For Central Capital Location.

Guthrie, Ok., March 23.—The house committee today reported favorably upon the bill by Mr. Paschal and Mr. Durst for the election of a commission to determine the advisability of locating the state capital at the geographical center of the state. A favorable report was also made upon the joint resolution by Mr. Jones memorializing congress to amend the statehood act by repealing the clause which locates the capital in Guthrie until after 1913.

## Methodist Revival.

A deeply religious service was held by Staff Captain Atkins and his workers at the First Methodist church last night. A nice congregation was present and we are sure good was done. These Salvation Army workers have their own inimitable way of conducting a service. It may be somewhat different from any service you ever attended, but I am sure it will help you if you will come and take part. The mornings are given to house to house visitation, the afternoon to street meetings and the service at the church at 7:45. Come out and bring your unsaved friends. The salvation of souls is our supreme desire.

T. L. RIPPEY, Pastor.

## Predict No Coal Strike.

Guthrie, Ok., March 23.—The recent financial stringency and the fact that there is an overproduction of coal, together with the claim of labor unions that Oklahoma operators and their employees reach agreements more quickly than do Eastern operators, leads state labor headquarters here to predict that there will be no coal strike in Oklahoma this year. They say that only a six or eight weeks' lay off will occur, following April 1.

Many Italians, working in Oklahoma mines, are returning to their native country, probably five hundred altogether.

## Weak Kidneys

Weak Kidneys surely point to weak kidney nerves. The kidneys, like the heart, are the center of the system, and if they are weak, the system is weak. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine is dark, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—tablets or liquid—and see what it can and will do for you. Druggists recommend and sell.

## Penalty of Vanity.

Two tadpoles lived in a meadow pool. One tadpole was exceedingly vain and kicked around until he developed a pair of pale green legs and arose to the dignity of a frog. The other tadpole was sluggish. "Hurry up!" said the new frog. "Why, you are the slowest thing in all the meadows. Without legs you will never be noticed." "And that is just why I am not raising them," replied the slow tadpole. "It doesn't always pay to be noticed." And now the slow tadpole still swims among the rushes while his vain brother has long since been served up on crisp toast.

## He Was an Exception.

The late Bishop James Newbury Fitzgerald, in an address in St. Louis, once declared that sympathy, far more than eloquence or learning, made for success in the ministry. "Too many of us," he said, "say the worst, the most inappropriate things. Thus a young Baptist friend of mine, condoling with a housebreaker in a jail, droned: 'Ah, my friend, let us remember that we are here to-day and gone to-morrow.' 'You may be; I ain't,' the housebreaker answered shortly."

## Fresh Food in the Country.

"The late Senator Pugh," said a Mobile man, "thought the charms of the country overrated. He preferred the city to the country. He used to tell how, one June day, he met a friend who had taken a house for the summer months outside New York somewhere. 'I suppose you revel in fresh eggs and vegetables out there, eh?' said Senator Pugh. 'Yes,' said the New York man. 'Why, we can get all those things at Scraggs Four Corners almost as cheap as we did in town.'"

## Care of a Canary.

When moving a canary from a small to a larger cage, you should take the trouble to satisfy yourself that the bird is not frightened in its new habitation, for it sometimes happens that it is absolutely afraid to fly down from its comparatively lofty perch, and thus gets starved to death because it cannot reach its food. If you see your bird in this dilemma, try and coax it down; and if it will not come, take hold of it gently and deposit it on the floor of the cage.

## Good for Everybody.

Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c at F. Z. Holley's and G. M. Ramsey's drug stores.

## COURT KILLS RATE REDUC- TION LAW

MINNESOTA ACT NULLIFIED BY

## JUSTICE HARLAN DIS- LIKES THE DECISION

Dissenting Member of Court Shows  
Deep Feeling Announcing Op-  
posite Opinion.

Washington D C, March 23—Not within several years has any decision of the supreme court occasioned as much comment among the great lawyers of congress as has that of today in the Minnesota law. Though the question immediately before the court was that of releasing an Attorney General who had tried to enforce a law in a state court after having been enjoined by a federal court, the effect of the court's decision is virtually to nullify Minnesota's law for the reduction of railroad rates. Judge Peckham who rendered the decision remarked that it was evidently the purpose of the makers of the statute to prescribe penalties so extreme that no one would have the courage to bell the cat, thereby putting the railroad under duress.

Justice Harlan's Manner Tense. No less notable than the opinion itself was the dissenting opinion of Justice Harlan and especially the manner in which it was delivered. Lawyers who have attended the sitting of the supreme court for many years say they recall no scene in that tribunal so dramatic. That Justice Harlan was much perturbed by the decision of the court was manifest during the reading of the opinion by Justice Peckham. Several times he left his seat and walked back and forth nervously in the rear of the justices. When it came his time to speak his dissent not only did his voice betray deep emotion but his gesture evidenced nothing less than excitement. Once turning abruptly so that he directly faced his colleagues to the left he shook his finger violently toward Justice Peckham and asked in tones that reverberated in the chamber whether his colleagues appreciated the full import of their decision.

## FIVE TRIBES TO MEET HASKELL.

Governor Would Determine as to the Tax Values.

Guthrie Ok March 23—Gov Haskell has called a meeting here for Thursday between the heads of the Five Civilized Tribes and state officials to decide what land, on the eastern side of the state are taxable under the laws of the state United States and Indian treaties. Gov McCurtain of the Choctaws, Gov Brown of the Seminoles, Chief Tiger of the Creeks, Gov Johnson of the Chickasaws and Chief Rogers of the Cherokee and J George Wright of Muskogee United States Indian Agent are expected to attend the conference.

## REGENTS GIVEN FULL POWER

Measure, If Passed, Will Remove Subordination to Education Board.

Guthrie Okla March 23—The restoration to the board of normal school regents of all the authority which it exercised before the recent ruling of Attorney General West under which it was made subordinate to the board of education and placing it in complete control of the state normal schools, including the selection of president and regulating all matters of administration, is the object of a bill introduced today in the senate by Senator Roy E. Stafford of Oklahoma City.

A similar bill will be introduced on behalf of the university regents whose authority was also overruled by the action of the board of education.

## BILL IS GOING

## AT DINNER ANNOUNCES

HE WILL GO

Statement Regarding Former Declara-  
tion That He Could Not Attend  
Democratic Convention.

Guthrie, Ok, March 23—W H Murray of Tishomingo, Speaker of the house of representatives, chosen as one of the eight delegates at large to the National democratic convention who announced at the Muskogee convention that under certain conditions he would not go to the Denver meeting as a delegate today issued a statement that he would attend in order to work for the nomination of W J Bryan and the adoption of Bryan policies in event of opposition to them develops.

Mr Murray states that the real issue in the Muskogee convention was not whether eight or four delegates should attend the national gathering from Oklahoma, but the right of the people to name their own delegates. The intention, he claims, to send eight delegates at large, double the states representation, should have been settled before the committee which called the convention.

At Muskogee Mr Murray admitted that he had an ambition to be chairman of the national convention. Stating his position, the speaker says:

### Statement Issued.

At the time I said I would not go I assumed then as I do now that Bryan would be nominated by acclamation without any effort to defeat him and that being true he would write the platform, and any man who had physical strength enough to rise to his seat and mental strength enough to cry out Oklahoma casts fourteen votes for Bryan could represent the state as well as any other, unless there were some special prominence to be gained by one of her delegates such as being made chairman or some other position in an official way which now seems improbable. Four extra votes and the chairmanship are too much to ask by any one state. However I do want to say that in the event there is a considerable number of uninstructed states, or if there appears to be an opposition to Bryan or to Bryan policies from any source in gratitude to the people who instructed for me over the state and forced my election at the convention I would go to Denver make a fight for Bryan and Bryan policies with a half vote or no vote at all. This is a duty I could not not would not shrink from.

## JIM CROW BILL FOR AILES.

Stewart's Bill Favorably Reported Anti-Trust Bill on Calendar

Guthrie Okla March 23—The state agreed to the house amendments to the Hatchett joint resolution fixing the manner of drawing for terms where two senators were elected from the same district and that was ordered enrolled.

Favorable reports were made by the senate judiciary committee on the Stewart's jim crow bill requiring separate cells for white and negro prisoners, and on the combination anti-trust bill to be known as the Eggerman-Redwine-Davis bill. The senate spent the entire afternoon on the Cordell-Memminger county court bill but without making much progress. The entire article covering the question of county stenographers and county court clerks was sent to a special committee and a motion to strike out the section covering the salary of probate judges was pending at adjournment.

The opponents of this section contended that the schedule of the constitution fixed salaries in counties of more than \$20,000 and left the old Oklahoma laws relating to probate judges in effect in counties of less population and that further legislation along that line was unnecessary. The matter of furnishing a clerk and stenographer for the county court was generally opposed by senators from the west side as a needless expense, while those from the east wanted all the

## ENFORCEMENT BILL TODAY.

Prohibition Violations to Be Subject to New Measure After 10 O'clock This Morning.

Guthrie, Ok, March 23—The prohibition enforcement bill which reached the governor's office in engrossed form this afternoon will become a law tomorrow at 10 a m according to arrangements made with the governor by Senator Billups, author of the measure.

It was necessary for the bill to complete a circuit of both houses today to receive signatures of the presiding officers. The pen Speaker Murray used and the staff Senator Johnston president pro tem of the senate used were presented to Senator Billups. The blotters and other pens used were willed to the various Senators, advocates and opponents of the bill.

The pen to be used by the governor has been purchased by the local order of the Women's Christian Temperance Union and will also be used by Senator Billups from the 1st for his work in completing the legislation.

There were here today quite a number of aspirants for the stations of local dispensers contemplated under the law among them being several ex-saloonkeepers. The governor stated that in filling the places he would give preference to federal and Confederate veterans. It is also understood that no ex-saloon man will be appointed. Several applications have been filed for the position of state agency superintendent a lucrative office created by the law and regarding the place the governor is besieged with telegrams of endorsement. This appointment as well as that of enforcement attorney, will not be made before Wednesday.

Representatives of liquor houses and breweries were in the city today with a view of making the state order.

The bill makes the governor and the state agency superintendent purchasing agents for dispensary liquors.

Entered as second-class mail matter March 30, 1904, at the postoffice at Ada, Oklahoma, under the act of Congress March 3, 1879.

Ada is going after the normal.

The enforcement feature of the new bill is good and because of it there will be no excuse for the non-enforcement of the prohibition law.

#### NORMAL MEETING.

#### Representative and House Fall of Citizens Assembled at Club Rooms

All who attended the meeting last evening at which there was discussion ways and means in behalf of a state normal for Ada are optimists today in the consideration of Ada's prospects as an educational center.

There was something doing at the meeting. Very likely some of our citizens who were not present felt the effects of one of the important conclusions at the meeting, when the so-called committee had finished their rounds. If you have not met them you will. The committee is composed of Adam Beck, George Harrison, Wm. Bralley, Tom Hope, Sam Torbett, W. L. Reed.

W. H. Eby and W. C. Duncan will be Ada's regular representatives at Guthrie.

Other citizens will be frequent visitors to the capital in the interest of Ada.

#### To Mineral Wells.

Miss Maudena White, popular and accomplished sister of Mrs. Ed C. Talley in Sunrise, departed Monday for a several weeks visit at Mineral Wells. Her mother, who resides at Waco, joined her at Fort Worth. Miss White's hosts of friends will be delighted when she again visits Ada.

#### Liner Here.

Prof. T. B. Liner and wife have moved to Ada from Stonewall. Prof. Liner will be actively engaged in the Oklahoma Commercial school which will open March 30. He may be found at home on the corner of 16th and Sennie.

#### Marriage License.

The judge's record shows license to marry have been issued to Joe Cooper and Della Votow of Allen, and to Arthur Seabolt and Denie Callahan, Roff.

#### Running Fight With Thieves.

McAlester, Ok., March 23.—John Harrison, Sheriff of this county, had a running fight with a band of horse thieves who had stolen seven horses from Wetumka. They found the thieves in camp in the northwestern portion of this county, near Scipio, and fired on them. The four thieves returned the fire and jumped on four of the horses and escaped. Twenty-five shots were fired and a hat of one of the robbers was shot off of his head.

#### The Lucky Quarter.

Is the one you pay out for a box of Dr. King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at F. Z. Holley's and G. M. Ramsey's drug stores. Don't cough your head off when you can get a guaranteed Remedy in Bees Exaxative Cough Syrup. It is especially recommended for children as its pleasant to take, is a gentle laxative thus expelling the plug from the system. For coughs, colds, croup, whooping cough, hoarseness and all bronchial trouble. Guaranteed. Sold by Gwin, Mays & Co.

#### ALLEGED BANK ROBBER IS HELD IN SHAWNEE

#### Alleged Pals of Henry Starr Arrested in McLoud.

Shawnee, Okla., March 23.—Sheriff Pierce reached here today with James Lee and Lee Elerick, who were arrested at McLoud, charged with having robbed the bank at Hoffman one day last week. They are being held here pending the arrival of the officers of the looted bank and the sheriff of Muskogee county.

City Marshal McCoy of McLoud, who effected the arrest, believes that Lee and Elerick have been associated with Henry Starr and that they participated in the Tyro bank robbery.

Lee was formerly a bar tender in Shawnee and bears an unsavory reputation. Little is known of the other prisoner here. Lee is a sort of a bully and made a fierce resistance when Marshal McCoy apprehended him. One feature of identification of Lee is a purse bearing his name that was found near the Hoffman bank after the robbery.

Ada had just as well have the normal as any other city in Oklahoma.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing, uncountinous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop. Take no other. G. M. Ramsey.

#### GOV. JOHNSON SAYS HE IS A CANDIDATE

#### Minnesota Executive Issues a Formal Statement for the Newspapers.

St. Paul, Minn., March 23.—John A. Johnson, governor of Minnesota, today gave an authorized statement to the press announcing his candidacy for the democratic nomination for president of the United States. This announcement is made so that his friends will not be misled by reports published that he had denied that he would be a candidate and would soon issue a statement formally forbidding the use of his name as a candidate against William Jennings Bryan, with whom it was claimed he had an understanding that he would not oppose the Nebraskan in his "fourth battle."

#### Aggressive, not Receptive.

The governor is an aggressive candidate for the nomination at the Denver convention, not a receptive candidate, as has been reported. The governor and his friends are quietly working for the nomination, and one of the results of their efforts will be a solid delegation from Minnesota in the National democratic convention, who will place him in nomination there as "the man" who can win at the polls.

Remember that when the stomach nerves fail or weaken. Dyspepsia or indigestion must always follow. But, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. G. M. Ramsey.

#### HIGH LICENSE TO SHOOT HERE NOW

#### House Disposes of Fish and Game Bill After Fight.

Guthrie, Okla., March 23.—The committee on constitutional amendments today reported favorably to the house the Paschal-Durst joint resolution providing for a committee of three from each branch to investigate the advisability of establishing a permanent state capital at the geographical center of the state. The committee is instructed to report during the present session.

The fish and game bill came in for another all-afternoon consideration. Rough sledding is a poor description of the manner in which this measure is being pushed through. For the asperity of the attack of the opposition and the continual fire of amendments to which the bill has been suggested it is undergoing wonderful little alteration.

The section that requires a hunter to secure the permission of the owner or occupant of a farm before he can invade it with dog and gun was amended by Rainey to provide that the resident of a county shall not be compelled to obtain the consent of the farmer where the latter is a non-resident of the county, only in cases however, where the land is unfenced, uncultivated, unoccupied or not leased for agricultural purposes.

Branson fought to have the last phrase stricken out, but was defeated. Following the adoption of the Rainey amendment, Ellis attempted without success to strike that part of the section together with the provision requiring a permit from the state game warden to hunt on unoccupied or unfenced public land.

The fight was not less heated on the section requiring a \$25 license for non-resident hunters. The speaker pleaded on the ground that other states have similar laws. He replied to the argument that the license is too low by declaring that the legislature does not desire to build a fence around Oklahoma and keep outsiders at a distance.

The house adopted the Johnson grass bill with the conference committee report embodying an amendment taking the power of enforcing the law from the district road board and conferring it upon county commissioners.

Ada ought to be a prolific market for the chicken farmer now. It entertained the state conference of the Southern Methodist church all last week and the deck should be pretty well cleared and badly in need of restocking.—Oklahoman

**Home Burned.**  
 The residence of A. L. Reeves who resided one mile east of Center was destroyed by fire last Saturday at 9:30 a. m. The contents with slight exceptions were lost, and Mrs. Reeves and a daughter had narrow escapes from death in endeavoring to save some of the household effects. The people in the community did not delay in rendering financial assistance and otherwise, and a number of the neighbors are arranging to rebuild him a home. Mr. Reeves is a hard-working and well respected citizen and commands the high regard of his neighbors. It is not known how the fire originated.

### **Prof. Conder.**

This morning a few moments before the Katy left for Texas, Prof. Conder, principal of the north school and who by the way is a gentleman and scholar approached the writer with a wise, but guilty smile and when the News man informed him that he had heard sensational and startling reports concerning his future, the Professor plead guilty, and blushing-ly acknowledged that he was then en route to the station. The facts are that the gentleman has gone to Commerce, Tex., and on Wednesday at 8

p. m. at the bride's home, will be united in the holy bonds of matrimony. The bride is Mrs. Bell Mayes who was wooed and won during Prof. Conder's residence there a year ago.

The couple will return to Ada Monday and the Professor will resume his work in the city schools. The News and Ada people express heartily congratulations and well wishes.

## COURT KILLS RATE REDUCTION LAW

MINNESOTA ACT NULLIFIED BY FIAT OF FEDERAL TRIBUNAL AND PECKHAM COMMENTS

### JUSTICE HARLAN DISLIKES THE DECISION

Dissenting Member of Court Shows Deep Feeling Announcing Opposite Opinion.

Washington D C, March 23—Not within several years has any decision of the supreme court occasioned as much comment among the great lawyers of congress as has that of today in the Minnesota law. Though the question immediately before the court was that of releasing an Attorney General who had tried to enforce a law in a state court after having been enjoined by a federal court, the effect of the court's decision is virtually to nullify Minnesota's law for the reduction of railroad rates. Judge Peckham who rendered the decision remarked that it was evidently the purpose of the makers of the statute to prescribe penalties so extreme that no one would have the courage to bell the cat, thereby putting the railroad under duress.

Justice Harlan's Manner Tenacious. No less notable than the opinion itself was the dissenting opinion of Justice Harlan and especially the manner in which it was delivered. Lawyers who have attended the sitting of the supreme court for many years say they never saw in that tribunal so dramatic. That Justice Harlan was much perturbed by the decision of the court was manifest during the reading of the opinion by Justice Peckham. Several times he left his seat and walked back and forth nervously in the rear of the justices. When it came his time to speak his dissent not only did his voice betray deep emotion but his gesture evidenced nothing less than excitement. Once turning abruptly so that he directly faced his colleagues to the left he shook his finger violently toward Justice Peckham and asked in tones that reverberated in the chamber whether his colleagues appreciated the full import of their decision.

### FIVE TRIBES TO MEET HASKELL

Governor Would Determine as to the Tax Values.

Guthrie Ok March 23—Gov Haskell has called a meeting here for Thursday between the heads of the Five Civilized Tribes and state officials to decide what land, on the eastern side of the state are taxable under the laws of the state. United States and Indian treaties Gov Mc Curtain of the Choctaws Gov Brown of the Seminoles Chief Tiger of the Creeks Gov Johnson of the Chickasaws and Chief Rogers of the Cherokee and J George Wright of Muskogee United States Indian Agent are expected to attend the conference.

### REGENTS GIVEN FULL POWER

Measure, if Passed, Will Remove Subordination to Education Board.

Guthrie Okla March 23—The restoration to the board of normal school regents of all the authority which it exercised before the recent ruling of Attorney General West under which it was made subordinate to the board of education and placing it in complete control of the state normal schools, including the selection of president and regulating all matters of administration, is the object of a bill introduced today in the senate by Senator Roy E. Stanford of Oklahoma City.

A similar bill will be introduced on behalf of the university regents whose authority was also overruled by the action of the board of education.

## BILL IS GOING

SPEAKER WAIVES HIS OWN FEELING TO AID BRYAN.

### AT DINNER ANNOUNCES

HE WILL GO

Statement Regarding Former Declaration That He Could Not Attend Democratic Convention.

Guthrie, Ok, March 23—W H Murray of Tishomingo, Speaker of the house of representatives, chosen as one of the eight delegates at large to the National democratic convention who announced at the Muskogee convention that under certain conditions he would not go to the Denver meeting as a delegate today issued a statement that he would attend in order to work for the nomination of W J Bryan and the adoption of Bryan policies in event of opposition to them develops.

Mr Murray states that the real issue in the Muskogee convention was not whether eight or four delegates should attend the national gathering from Oklahoma, but the right of the people to name their own delegates. The intention, he claims, to send eight delegates at large, double the states representation, should have been settled before the committee which called the convention.

At Muskogee Mr Murray admitted that he had an ambition to be chairman of the national convention. Stating his position, the speaker says:

Statement Issued.  
At the time I said I would not go I assumed then as I do now that Bryan would be nominated by acclamation without any effort to defeat him and that being true he would write the platform, and any man who had physical strength enough to rise in his seat and mental strength enough to cry out Oklahoma casts fourteen votes for Bryan could represent the state as well as any other, unless there were some special prominence to be gained by one of her delegates such as being made chairman or some other position in an official way which now seems improbable. Four extra votes and the chairmanship are too much to ask for any one state. However I do want to say that in the event there is a considerable number of uninstructed states, or if there appears to be an opposition to Bryan or to Bryan policies from any source in gratitude to the people who instructed for me over the state and forced my election at the convention I would go to Denver make a fight for Bryan and Bryan policies with a half vote or no vote at all. This is a duty I could not nor would not shirk.

### JIM CROW BILL FOR CILLS.

Stewart's Bill Favorably Reported Anti-Trust Bill on Calendar.  
Guthrie Okla March 23—The state agreed to the house amendments to the Hatchett joint resolution fixing the manner of drawing for terms where two senators were elected from the same district and that was ordered enrolled.

Favorable reports were made by the senate judiciary committee on the Stewart's jim crow bill requiring separate cells for white and negro prisoners, and on the combination anti-trust bill to be known as the Eggerman-Redwine-Davis bill.

The senate spent the entire afternoon on the Cordell-Memmlinger county court bill but without making much progress. The entire article covering the question of county stenographers and county court clerks was sent to a special committee and a motion to strike out the section covering the salary of probate judges was pending at adjournment.

The opponents of this section contended that the schedule of the constitution fixed salaries in counties of more than \$20,000 and left the old Oklahoma laws relating to probate judges in effect in counties of less population and that further legislation along that line was unnecessary. The matter of furnishing a clerk and stenographer for the county court was generally opposed by senators from the west side as a needless expense, while those from the east wanted all the

### ENFORCEMENT BILL TODAY.

Prohibition Violations to Be Subject to New Measure After 10 O'clock This Morning.

Guthrie, Ok, March 23—The prohibition enforcement bill which reached the governor's office in engrossed form this afternoon will become a law tomorrow at 10 a m according to arrangements made with the governor by Senator Billups, author of the measure.

It was necessary for the bill to complete a circuit of both houses today to receive signatures of the presiding officers. The pen Speaker Murray used and the staff Senator Johnston president pro tem of the senate used were presented to Senator Billups. The blotters and other pens used were mailed to the various Senators, advocates and opponents of the bill.

The pen to be used by the governor has been purchased by the local order of the Women's Christian Temperance Union and will also be to Senator Billups from the 1 for his work in completing the legislation.

There were here today quite a number of aspirants for the stations of local dispensers contemplated under the law among them being several ex-saloonkeepers. The governor stated that in filling the places he would give preference to federal and Confederate veterans. It is also understood that no ex-saloon man will be appointed. Several applications have been filed for the position of state agency superintendent a lucrative office created by the law and regarding the place the governor is besieged with telegrams of indorsement. This appointment as well as that of enforcement attorney, will not be made before Wednesday.

Representatives of liquor houses and breweries were in the city today with a view of looking the state's order.

The bill makes the governor and the state agency superintendent purchasing agents for dispensary liquors.

### Alleged Fals of Henry Starr Arrested in McCloud.

Shawnee, Okla., March 23—Sheriff Pierce reached here today with James Lee and Lee Elerick who were arrested at McCloud, charged with having robbed the bank at Hoffman one day last week They are being held here pending the arrival of the officers of the looted bank and the sheriff of Muskogee county

City Marshal McCoy of McCloud who effected the arrest believes that Lee and Elerick have been associated with Henry Starr and that they participated in the Tyro bank robbery Lee was formerly a bar tender in Shawnee and bears an unsavory reputation Little is known of the other prisoner here Lee is a sort of a bully and made a fierce resistance when Marshal McCoy apprehended him One feature of identification of Lee is a purse bearing his name that was found near the Hoffman bank after the robbery

### GOV. JOHNSON SAYS HE IS A CANDIDATE

#### Minnesota Executive Issues a Formal Statement for the Newspapers.

St. Paul, Minn. March 23—John A. Johnson governor of Minnesota today gave an authorized statement to the press announcing his candidacy for the democratic nomination for president of the United States This announcement is made so that his friends will not be misled by reports published that he had denied that he would be a candidate and would soon issue a statement formally forbidding the use of his name as a candidate against William Jennings Bryan with whom it was claimed he had an understanding that he would not oppose the Nebraskan in his fourth battle

#### Aggressive, not Receptive.

The governor is an aggressive candidate for the nomination at the Denver convention, not a receptive candidate as has been reported The governor and his friends are quietly working for the nomination and one of the results of their efforts will be a solid delegation from Minnesota in the National democratic convention, who will place him in nomination there as 'the man' who can win at the polls

## HIGH LICENSE TO SHOOT HERE NOW

### House Disposes of Fish and Game Bill After Fight.

Guthrie, Okla., March 23—The committee on constitutional amendments today reported favorably to the house the Paschal-Durst joint resolution providing for a committee of three from each branch to investigate the advisability of establishing a permanent state capital at the geographical center of the state The committee is instructed to report during the present session

The fish and game bill came in for another all-afternoon consideration Rough sledding is a poor description of the manner in which this measure is being pushed through For the asperity of the attack of the opposition and the continual fire of amendments to which the bill has been suggested it is undergoing wonderful little alteration

The section that requires a hunter to secure the permission of the owner or occupant of a farm before he can invade it with dog and gun was amended by Rainey to provide that the resident of a county shall not be compelled to obtain the consent of the farmer where the latter is a non-resident of the county only in cases however where the land is unfenced uncultivated unoccupied or not leased for agricultural purposes

Branson fought to have the last phrase stricken out but was defeated Following the adoption of the Rainey amendment Ellis attempted without success to strike that part of the section together with the provision requiring a permit from the state game warden to hunt on unoccupied or unfenced public land

The fight was not less heated on the section requiring a \$25 license for non-resident hunters The speaker pleaded on the ground that other states have similar laws He replied to the argument that the license is too low by declaring that the legislature does not desire to build a fence around Oklahoma and keep outsiders at a distance

The house adopted the Johnson grass bill with the conference committee report embodying an amendment taking the power of enforcing the law from the district road board and conferring it upon county commissioners

Ada ought to be a prolific market for the chicken farmer now it entertained the state conference of the Southern Methodist church all last week and the deck should be pretty well cleared and badly in need of restocking—Oklahoman
